OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 6 October 1970

1. (Unclassified - JGO) Received a call from Mrs. Mildred M. Cammack, Executive Secretary to Senator Robert W. Packwood (R., Oreg.), who requested assistance on a constituent inquiry concerning Mr. [REDACTED] supposedly in the Navy and with the CIA. "Letter addressed c/o Gen. Sec. Ad., Hallock Building, Washington, D. C. 20505 was returned to the constituent." After checking with [REDACTED] Office of Personnel, I advised Mrs. Cammack that we were not able to identify the individual. No further action is required.

2. (Secret - GLC) Jim Gehrig, Staff Director, Senate Aeronautical and Space Sciences Committee, called and asked if Mr. Duckett could brief Senator Margaret Chase Smith (R., Maine) and selected members of the Committee staff on the status of Soviet space programs either Wednesday or Thursday of this week. After checking with Mr. Duckett this was scheduled for 10:30 a.m. on Thursday, 8 October.

3. (Confidential - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called and asked if it would be possible for him to receive a copy of a CIA study written in September of this year on the transfer of technology from COCOM to the eastern bloc. I told Murphy I would check on this and be in touch with him.

4. (Unclassified - GLC) Talked to Richard Kaufman, Joint Economic Committee staff, to determine whether he would be interested in participating in the Advanced Intelligence Seminar panel discussion on the relative priorities of foreign and domestic U.S. programs. Kaufman said he would be willing to participate if the ground rules permitted discussion of Agency programs as well. I indicated that this would involve establishing parameters of the course which had not been anticipated and that we would keep him in mind for a future discussion along the lines of his interest.
